Clanton River Ranch has extensively used breed leading Simmental & Angus sires through artificial insemination on their herd for the past 15 years, along with purchasing top performance tested Simmental & Angus bulls from the University Of Georgia's Tifton Bull Evaluation Program. For the very first time, they are opening their herd for you to select from. Don't miss this rare opportunity to purchase first class genetics from Clanton River Ranch on April 5th.

The predominant sires of the cows that are selling are:

Hooks Shear Force 38K ASA# 2081939

GW Lucky Man 644N ASA# 222338

Service sires to most of the cows selling are:

S A V Final Answer 0035 ASA# 2320695

A A R Ten X ASA# 2566684

IR Range Boss Y623 ASA# 2648991
